## Mitigating Circumstances and Supporting Documentation for a SAP Appeal

For SAP appeals, students are required to provide mitigating circumstances with supporting documentation detailing the reasons why GPA, Pace and/or Timeframe standards have not been met. The appeal must also explain how the circumstances have been resolved, and will no longer hinder academic performance moving forward. Mitigating circumstances are considered unforeseen situations or events beyond the student's control which directly impacted academic performance.

Students should not create documentation themselves. Acceptable documentation will be on official letterhead, and obtained through an objective third party. Objective third parties include, but are not limited to: counselors, doctors, lawyers, social workers, religious leaders, daycare providers, state/government agencies, etc.

Below is a list of possible circumstances and the suggested documentation needed to substantiate them. Please note, the following list is not exhaustive. If you are providing circumstances and documentation not mentioned below, your appeal will be considered just the same. Additionally, providing a mitigating circumstance with supporting documentation from the list below does not guarantee an approval. All appeals are reviewed on a case-by-case basis for legitimacy and merit.
